

South Central High School Announcements Thursday, September 9, 2010

"Gratitude is often described as the secret of a happy life. It reminds us that we all drink from wells we did not dig."
Why Character Matters

There will be a yearbook meeting after school tonight, Thursday, September 9, in Room 15B.

Reminder to all boys basketball players that we are lifting weights at the Farina grade school on Tuesday and Thursday mornings from 6:45 a.m. to 7:45 a.m. Also, we will be having open gyms on Wednesdays from 7:00 a.m. to 7:45 a.m. Schedules are available in the office.

There have been a few students raising interest about possibly having a science/history fair. Any Hi Sci Ki or History student who would be willing to participate in a science/history fair please talk to Mr. Koester or Mr. Bridges. If we can get enough students to sign up for this activity, then we can proceed to have our fair later on in the spring.

On Oct. 5th, the Post Prom Committee is overseeing "A Volley for the Cure" game. We are playing Sandoval that night. Shirt order forms will be available soon. **T-shirts reading, "Volley for a Cure 2010," are available from Mrs. Brimberry for \$11.**

Please do not print to Room 2 from noon to 12:45 without first calling and asking permission. I lecture in Accounting I that hour and it is very distracting to the students. Thanks. Mrs. Byers

FBLA members: Please turn in your dues of \$15 to Kari Harmeier in the office or Carissa Lotz by September 10th.

Activity Period: 2nd Hour, 9:29 a.m., Wednesday, September 22 – FFA (Room 12), FCCLA (Room 8), Student Council (Room 4).

GUIDANCE NEWS from South Central High School

WHY TEACH AGRICULTURE? In Illinois more than 60 teaching positions go unfilled each year. Agriculture education teachers are extremely marketable. The industry offers more than 300 career opportunities, from food production to landscape design, commodities trading to aquaculture, and they include technology and green jobs. For more information about the Agriculture Department at Illinois State University where they are GROWING TEACHERS, see Mrs. Smith to check out the DVD, or learn more by visiting www.Agriculture.ilstu.edu.

Armed Services Vocational Aptitude Battery, ASVAB, is scheduled for Tuesday, September 21. Juniors and seniors who are considering any branch of military service need to take this test. It is an admission test for the military, just as the ACT is an admission test for college. Please see Mrs. Smith by September 15 to register for this test.

Seniors: **Lake Land College** will visit on Wednesday, September 22, 9:30 a.m. Sign up with Mrs. Smith.

Seniors: **SIU-Edwardsville** will visit on Thursday, September 23, 10:00 a.m. Sign up with Mrs. Smith.
