

I hope you've had a great summer full of fun and relaxation! A few highlights of my summer were when my family and I took a trip to West Virginia, spent a day at Holiday World, saw a few movies at the theater, and slept in late several mornings. I can't wait to hear what each of you did as well.

I'm really excited about having each one of you in my class this year. Learning multiplication and division, cursive writing, reading biographies, and taking a field trip to Vandalia's Old State Capital are just a few of the awesome experiences coming your way in third grade! I look forward to seeing you on the 19th.

Love,
Mrs. Miller
